**Sharmee Divan**

**Angel Therapy** Doreen Virtue,1997-11-01 Dr. Doreen Virtue's life changed dramatically when angels miraculously warned her and then intervened during a carjacking. After her angelic encounter, Doreen began asking the angels for additional guidance. They answered her requests with very clear and loving words. She writes of how the angelic guidance affected her work as a psychotherapist: I began helping my counselling clients to hear their own angels. Very quickly, I discovered that the healing power of the angels exceeds any form of 'man-made' therapy I had ever witnessed. The angels have wonderful gifts from God to impart to us. In Angel Therapy, Doreen delivers The Angelic Realm's messages of comfort and guidance that can help you with troubling emotions such as depression, boredom, confusion, and anger; and issues associated with careers, relationships, parenting, and much more.

*The Angel Therapy Handbook* Doreen Virtue,2011-01-15 Doreen Virtue has presented her Angel Therapy Practitioner™ course since 1996, helping thousands learn the skills of spiritual healing and psychic readings in concert with the angels and archangels. Now, she has amassed the tools, secrets, and exercises that she teaches her students in this comprehensive handbook. Within these pages, Doreen provides you with a thorough overview of the angelic realm and the methods of Angel Therapy, outlining how to communicate with Heaven for yourself and on behalf of others. In addition, she offers compassionate guidance and practical action steps for lightworkers who want to take up a spiritually based career. Doreen says, "My prayer is that this book will be a re-source to awaken you to your clear connection with the Divine and lead you upon the path of your life purpose. Whether you're a professional healer or just want to polish your natural spiritual gifts, this handbook is a vital reference tool that you can turn to again and again.

*An Illustrated Guide to Angel Therapy* Denise Whichello Brown,2001-10-16 Beautifully illustrated in four color, this is a fascinating guide to the various angels and what aspect of our lives each is particularly concerned with so that the reader can be in tune with her spiritual self and discover new ways to self-improvement.

**Flower Therapy** Doreen Virtue,Robert Reeves,2012-08-01 Flower Therapy is the art of working with flowers, flower essences, and angels for healing, manifestation, and abundance. With flowers as your allies, your dreams really can come true, and you'll see that nature truly has the ability to heal! In this book, Doreen Virtue and Robert Reeves give in-depth information about 88 common flowers, illustrated with gorgeous, full-color photographs. You'll find out about the flowers'

energetic and healing properties, discover which angels are connected to each one, and learn to associate different species with the various chakras (beyond simply categorizing them by color). In addition, there's a loving, channeled message of guidance and support directly from each flower's energy. Doreen and Robert also share with you new and exciting ways to work with Flower Therapy: Create custom bouquets for dear friends. Gather wildflowers to heal and deepen your spirituality. Or choose the perfect blooms for your garden to enhance your connection to the angels. They discuss flower essences, picking fresh blossoms, and purchasing floral arrangements. You'll even be guided through energetic clearing methods and receive detailed instructions about how to perform a Flower Therapy reading. While flowers have an energy that must be experienced, it's not necessary for you to gather any in order to do so. The photos inside, which have been infused with healing energy, are all you need to begin your journey. So, whether you have a green thumb or not, Flower Therapy can start making a difference in your day . . . and bring blessings into your life!

**A Comprehensive Guide to Angel Therapy** Denise Whichello Brown, 2001 Angel Therapy: the belief in angels has been with us for many centuries, and angels feature in most of the world religions. The presence of angels is described as involving great goodness and love, and heralds a time of change. Angels can help us gain self-awareness; bring comfort in times of need and can inspire us in every aspect of our lives. Angel Therapy describes the principal Archangel; shows how to commune with angels and how to call on their help and guidance in many situations.

When Angels Come Calling Sharmee Divan, 2020-06-07 This book is divided into four parts. The first part about my journey into Angelic Therapy. I have talked about how it all began for me, what did I do, where did I go, the people I met, the workshops I attended, the work that I did to get where I am today as a successful teacher in Angelic Therapy. The second part of this book is about the theoretical tools in Angelic Therapy where I have discussed about Angels, Archangels, Ascended Masters, Fairies, Spirit Guides, and so on and then the third section leads my readers to the use of Angelic Therapy in their day to day lives. I have given some very useful meditations, invocations, some prayers, guidelines on how to do an oracle or angel card reading, so on and so forth. The fourth and final section of this book talks about how a person can get started with their practice and profession as an Angelic Therapy Practitioner.

**A Comprehensive Guide to Angel Therapy** Denise Whichello Brown, 2001 This book names the principle Archangels and shows how to commune with angels. It gives advice on how to make preparations for invoking angels and looks at the different tools that can be used to help you communicate with angels.

Quantum Angel Healing Eva-Maria Mora, 2011 Identifying and transforming the true cause of an illness or difficult life situation is a very complex task. Through connecting and communicating with angels, Quantum Angel (QA) Practitioners help those living with pain access the divine matrix and restore health and balance by applying the Angel Healing Formula. QA Healing applies fundamental concepts of quantum physics to perform healing, either hands-on or at a distance. It uses

diagnostic intuition, clairvoyance, telepathy, energy healing, and prayer and goes beyond physical death and integrates nonphysical helpers in the process.

**Angel on a Leash** David Frei, 2011-11-08 David Frei's heartwarming collection of stories about the therapy dogs in his life and the people whom they touch, *Angel on a Leash* celebrates the "ministry" that Frei shares with his wife, Chaplain Cherilyn Frei, the director of spiritual care at the Ronald McDonald House of New York. Frei may be the most recognizable face and name in the dog sport, as "the Voice of Westminster," the famous New York kennel club for which he has worked for the past two decades, but his true passion in dogs is therapy work. In the book's eighteen chapters, Frei retells the stories of the everyday miracles he's witnessed his therapy dogs perform over hundreds of trips to their favorite places. Currently in his second generation of therapy dogs, Frei gives his Cavalier King Charles Spaniel "Angel" and Brittany "Grace" all the credit for the life-altering work they do cheering up ailing children at Morgan Stanley's Children's Hospital, spending time with recovering patients at New York-Presbyterian Hospital, and placing a paw in the hand of world-weary veterans at the Washington DC VA Medical Center. Never sappy or sentimental, Frei's writing style is straightforward and honest with a swiftness that keeps the reader turning pages (and wiping tears). Beyond the inspiring storytelling, the book also offers practical advice to potential therapy dog handlers about how to get a dog certified with a proper registry, the responsibilities that accompany therapy work, and the importance of community involvement. Frei's association with Westminster yielded the formation of a nonprofit organization called Angel on a Leash (the book's namesake), which Frei was the key founder. Although the organization is now a separate entity from its famous "parent," Best in Show winners of Westminster have frequently retired from the show ring into the realm of therapy work, receiving Frei's encouragement and guidance. Among the many exquisite moments captured in the book's photography section are portraits of Rufus, the Colored Bull Terrier; James, the English Spring Spaniel; and Uno, the Beagle, all supreme victors of the famous show, spending time with children on therapy visits.
