What the Moon Saw Laura Resau,2008-04-08 An intimate, award winning story of immigrants and their families, the borders they cross, and the ties that bind us all together. Fourteen-year-old Clara Luna's name means clear moon in Spanish. But lately, her life has felt anything but clear. A letter has arrived from her grandparents in Mexico inviting her to stay with them for the summer. But Clara has never met her father's parents. All she knows is that he snuck over the border from Mexico as a teenager. When she arrives, she's stunned by how different her grandparents' life is from her own in the United States. They live in simple shacks in the mountains of southern Mexico, where most people speak not only Spanish, but an indigenous language, Mixteco. Their village of Yucuyoo holds other surprises, too—like the spirit waterfall, which is heard but never seen. And Pedro, a young goatherder who wants to help Clara find the waterfall. But as Clara discovers more about where she comes from, what will it mean for who she is now? What The Moon Saw is an enchanting story of family, home, and discovering your true self in the most unexpected place. Filled with evocative language that is rich in imagery and nuance and speaks to the connections that bind us all. . . . a thrilling adventure . . .—Kirkus Reviews, Starred Readers . . . will find themselves swept up in this powerful, magical story, and they'll feel, along with Clara, 'the spiderweb's threads, connecting me to people miles and years away'.—Booklist, Starred

**Sh\*t the Moon Said** Gerard Powell,2018-01-30 It was during my eighth or ninth plant medicine journey that I was finally getting a real sense of freedom. I was feeling so elated that I told the moon I had a special request. I explained that this life had been so full of pain for me that I didn't think I could do it all again. So I asked her if in my next life she could make sure that I found the plant medicine as soon as possible. Her reply floored me. She typed, 'Gerry, that's a request about next time, but it's the same one you used last time.' Plant medicine? The moon typing? It probably seems incomprehensible. Gerard Armond Powell was a rags-to-riches success story—a member of the 1 percent—but also an extremely unhappy person with multiple addictions. On a fast track to destroying every relationship that ever mattered to him and considering suicide, he was looking for a miracle, a way out. He found it in the form of plant medicine and a shaman who introduced him

to the truth of his life, and laid the groundwork for a psycho-spiritual journey that would lead him to reconnect with his soul, heal his addictions, and, finally, achieve a lasting sense of peace and happiness. This experience changed Powell, and convinced him to share the universal truths he learned with as many people as he could, which he does at the acclaimed Rythmia Life Advancement Center in Costa Rica, and now with readers in *Sh\*t the Moon Said*. This mesmerizing story gives readers a blueprint to chart their own course to happiness. The first step is to learn who they really are and the possibilities of what they can still become. Second, they have to achieve a reconnection with their souls. And third, they must heal their hearts. *Sh\*t the Moon Said* provides us with an irreverent way of highlighting our shared unconscious wisdom and its life-changing potential. Powell's candid tale and unlikely journey will help inspire readers to know themselves better, and to find the path to their own greatest redemption.

*What the Moon Saw: and Other Tales* H. C. Andersen, 2022-07-20 A collection of Fairy Tales written by one of the most famous masters of this genre. This book is interesting in that it contains not only stories for children, but also stories designed for older readers. Some of these are autobiographical in theme.

**Never Seen the Moon** Sharon Hatfield, 2005-04-13 Never Seen the Moon carefully yet lucidly recreates a young woman's wild ride through the American legal system. In 1935, free-spirited young teacher Edith Maxwell and her mother were indicted for murdering Edith's conservative and domineering father, Trigg, late one July night in their Wise County, Virginia, home. Edith claimed her father had tried to whip her for staying out late. She said that she had defended herself by striking back with a high-heeled shoe, thus earning herself the sobriquet slipper slayer. Immediately granted celebrity status by the powerful Hearst press, Maxwell was also championed as a martyr by advocates of women's causes. National news magazines and even detective magazines picked up her story, Warner Brothers created a screen version, and Eleanor Roosevelt helped secure her early release from prison. Sharon Hatfield's brilliant telling of this true-crime story transforms a dusty piece of history into a vibrant thriller. Throughout the narrative, she discusses yellow journalism, the inequities of the jury system, class and gender tensions in a developing region, and a woman's right to defend herself from family violence.

*I See the Moon*, 2017 A starry collection of favourite lullabies, rhymes and poems perfect for sharing at bedtime.

What would happen if the world were ending? A catastrophic event renders the earth a ticking time bomb. In a feverish race against the inevitable, nations around the globe band together to devise an ambitious plan to ensure the survival of humanity far beyond our atmosphere, in outer space. But the complexities and unpredictability of human nature coupled with unforeseen challenges and dangers threaten the intrepid pioneers, until only a handful of survivors remain . . . As the sole owner of the general store in a Cape Cod tourist town, she has enough on her hands. Besides Aila can’t love anyone ever again. Not since her husband—her heart—boarded a boat with her beloved father two years ago, never to return . . . Of course, life is what happens while you’re making other plans. Now instead of solitude and grief, Aila is suddenly at the center of controversy in the small town. And the only person on her side, besides her best friend, is a stranger whose heart might be more battered than her own. But ability and opportunity did not always go hand in hand. As an African American and a girl growing up in an era of brutal racism and sexism, Katherine faced daily challenges. Still, she lived her life with her father's words in mind: "You are no better than anyone else, and nobody else is better than you." In the early 1950s, Katherine was thrilled to join the organization that would become NASA. She worked on many of NASA's biggest projects including the Apollo 11 mission that landed the first men on the moon. Katherine Johnson's story was made famous in the bestselling book and Oscar-nominated film *Hidden Figures*. Now in *Reaching for the Moon* she tells her own story for the first time, in a lively autobiography that will inspire young readers everywhere.

On the planet Abeth, a narrow Corridor of green land is surrounded on all sides by ice plains where only the strong survive. Ice triber Yaz has completed a perilous journey and arrived at the Corridor, and it exceeds and overwhelms all of her expectations. Everything seems different but some constants remain: her old enemies are still two steps ahead, bent on her destruction. She makes her way to the Convent of Sweet Mercy, where nuns train young girls who show the old gifts, but like the Corridor itself the convent is packed with peril and opportunity. Yaz has much to learn from the nuns—if they don't decide to execute her. The fate of everyone squeezed between the Corridor's vast walls, and ultimately the fate of those laboring to survive out on ice itself, hangs from the moon, and the battle to save the moon centers on the Ark of the Missing, buried beneath the emperor's palace. Everyone wants Yaz to be the key that will open the Ark - the one the wise have sought for generations. But sometimes wanting isn't enough.

*The Moon Shines Down* Margaret Wise Brown, 2008-11-02 *The Moon Shines Down* by Margaret Wise Brown Illustrated by Linda Bleck Forgotten for decades in a dusty, tucked-away trunk, *The Moon Shines Down* brings to life once more the unmistakable voice of Margaret Wise Brown. This soon-to-be classic allows a whole new generation of children to discover, cherish, and enjoy the artistry of this beloved author. Never before published, *The Moon Shines Down* on children all over the world from right next door to across the sea, from where "a Dutch boy dreams" and "cowbells ring" to "across the sea in the Far, Far East", through the familiar prayer: I see the Moon And the Moon sees me. God bless the Moon, And God bless

me. Margaret Wise Brown (1910–1952) was a pioneer of children’s literature, choosing to write the stories that children wanted to hear—rather than those that grown-ups wanted to tell. She is best known for her now classic *Good Night Moon* and *Runaway Bunny*, which remain among the world’s best-selling children’s books. Margaret was a prolific writer, and, at the peak of her career, she had over 100 books in print. Her untimely death left numerous manuscripts and ideas behind in various stages of completion. After a time, these were tucked away in a cedar trunk and largely forgotten. It is from this forgotten trunk that *The Moon Shines Down* was rescued. Illustrator Linda Bleck began her artistic career as a child, drawing on rolls of old blueprint paper supplied by her architect father. Later, she helped her mother, a freelance illustrator for Hallmark, paint in the details of her intricate drawings. Linda’s work has appeared in *The New Yorker*, *Time Magazine*, and the *Wall Street Journal*. She is also the writer and illustrator of the “Pepper the Dog” series, which won the National Parenting Publication Award. Linda and her family now live in southern Wisconsin . . . where the moon shines down on them, one and all. *The Story Behind the Lost Manuscript . . . The Moon Shines Down* from MARGARET WISE BROWN, the Author of *Goodnight Moon* *The Moon Shines Down* is being published for the first time 56 years after the death of the beloved children’s author Margaret Wise Brown. Amazingly, this unpublished manuscript lay incomplete and forgotten in a cedar trunk in a Vermont barn. When it was discovered, the onionskin paper had yellowed and the paperclips that held the pages together had rusted. Children’s book publisher, Laura Minchew, a longtime fan of Brown, took on the challenge to complete the work. Based on the New England Sampler prayer, “God Bless the Moon and God Bless Me,” this soon-to-be bedtime classic is a prayer for God’s blessing on all the world’s children.
